

Protected Against The Unexpected

Shoe Guard Accidental Damage Plan

New Leaf Service Contracts Inc. is an employee-owned company. We were founded and are managed by, forward looking industry professionals. We saw an industry desperate for a whole new approach to providing extended protection plans. New Leaf Service Contracts was built on a foundation of program innovation, fanatical customer service and client support. Today, we are one of the largest, independent extended service plan providers.

New Leaf provides coverage and support in every sales channel including brick and mortar, online, call center and more. New Leaf's whole new approach enables retailers, distributors and product manufacturers to offer protection plans and other support services at each customer touch point. Our custom programs provide unique coverage benefits for virtually all categories of products. We support and protect the products people count on every day.

New Leaf delivers dynamic extended protection programs and service solutions with customizable components to meet the needs of today's competitive landscape. We enable you to maximize profitability while providing a focus on the customer experience.

MISSION STATEMENT: To be an empowered organization that leverages leading-edge technologies to deliver exceptional service experiences.

The New Leaf Core Values

- **INTEGRITY:** We are transparent, respectful, loyal and responsible in everything we do.
- **SERVICE:** We deliver an unparalleled experience while providing value our customers, partners and coworkers alike.
- **COMMUNITY:** We value the diversity of our workforce while committing to the enrichment of our communities and the environment.

Plant-It 2020 was founded in 1992 by the singer John Denver. He wanted to plant trees so that denuded and damaged forest ecosystems would return to a state of sustainable health. This first phase was marked by a focus on the planting of tree seedlings around the world, larger city trees in cities, and tree education.

New Leaf donates a portion of every plan sold. Since we partnered with Plant It 2020, New Leaf has contributed to the planting of over 500,000 trees.

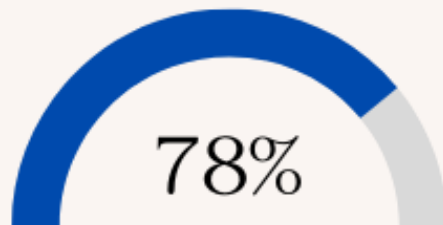

Why Offer Extended Protection Plans?

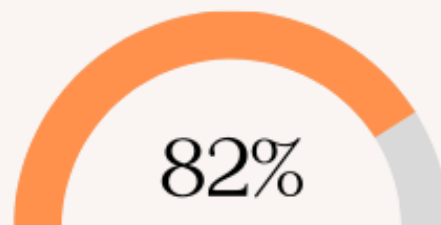

New Leaf realized that the Footwear and Apparel industry has been neglected. So, we did the research and developed an Extended Protection Program that provides coverage consumers told us they want, **Accidental Damage**.

In 2022 we introduced the industries first Extended Protection Plan covering Footwear and in 2023 we added Apparel. The program is quickly being embraced by retailers and their customers. Our retail partners have sold hundreds of thousands of plans and generated millions in new revenue. Boosting Average Ticket Value and driving bottom line profit. Most importantly, the consumer want the ability to purchase additional protection.

Research Supports Strong Appeal for Additional Coverage with Accidental Damage Protection

Percentage of consumers who say they have experienced footwear damage / breakage within the first year of ownership

Percentage of consumers who responded positively to purchasing additional coverage which included accidental damage protection

Percentage of respondents who state they are more likely to shop at a retailer who offers additional product protection

Survey Sampling International SSI
2200 Respondents - July 2022

We made Shoe Guard simple to offer your customers in every sales channel. Selling extended protection plans enhance the customers post sale experience and drives incremental gross profit to your bottom line.

Benefits to the Retailer

Offer your customers a low-priced, 1-year accidental damage protection plan on all Styles Footwear

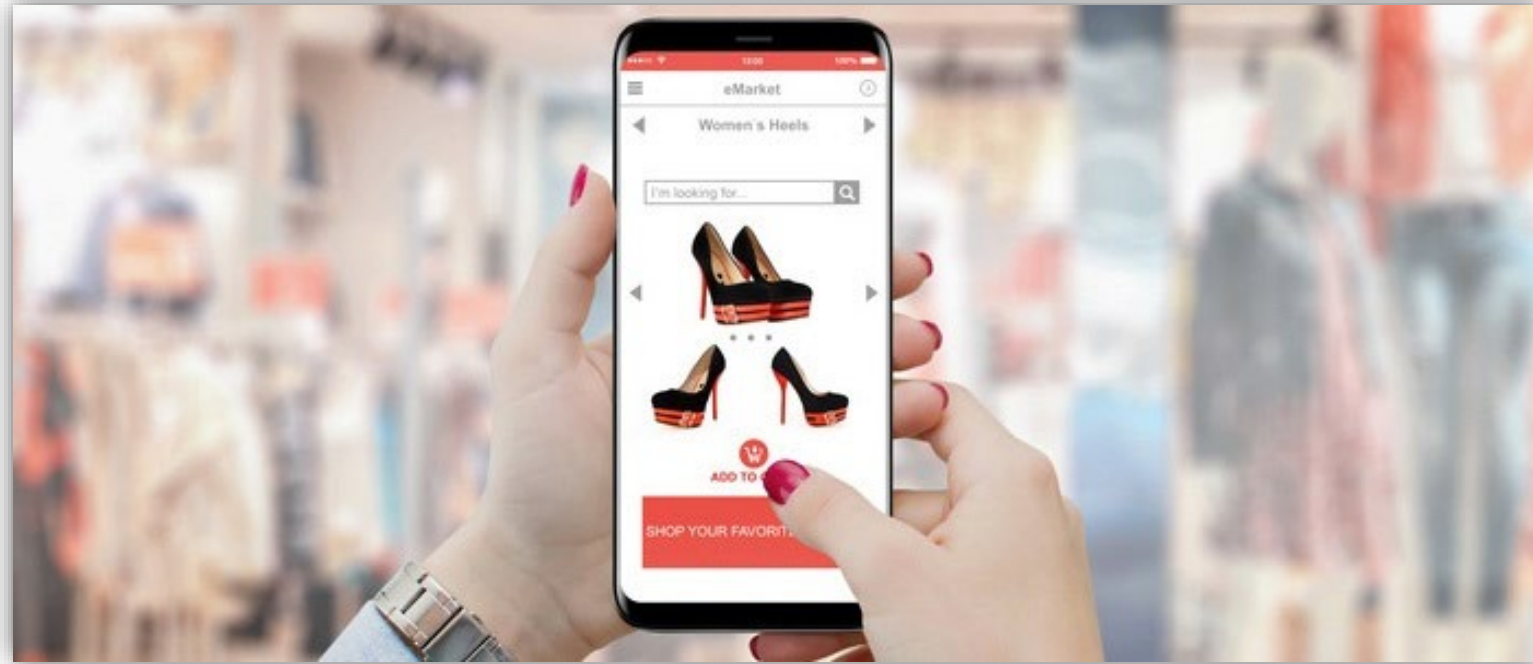

- 100% Consignment model – no open to buy dollars used and no inventory to manage
- Brand new source of revenue – drives average transaction value (ATV)
- Generates incremental gross margin – Shoe Guard generates 45% - 50% gross profit margin
- Reduce product returns and increase customer post sale satisfaction
- High perceived value makes this a perfect addition for customer loyalty programs.
- Stay connected with your customer- drives capture of customer information specifically email addresses.

Defend Against “Showrooming” and Direct to Consumer Manufacturers

There is an increasing trend of footwear manufacturers competing against the independent retailer by offering their product direct to the consumer, usually at lower retail selling prices.

Why should the manufacturer benefit from the customer “showrooming” and then purchase from them instead of you. Rather than lowering your price to compete, with Shoe Guard you have another option. Shoe Guard gives you a unique value the manufacturers don’t have, that’s coverage for Accidental Damage.
